(FOR KEY SEE REVERSE)

25X1

1. The General Swierczewski Engineering Works in Elblag started on the production of land turbines with an output of 2,500 kw. and 3,000 to 3,500 rpm. These turbines could also be used in ships, on condition that East Germany will accept an offer to manufacture the cog wheels for gears. Such wheels cannot be produced in Poland.
2. The State Engineering Works (P.Z.I.) at Ursus, near Warsaw, have started on the production of 4-cycle marine engines of up to 200 HP. Three new workshops are under construction on the premises.
